

There's No Point to  
Killing Off Those  
Who Pay Taxes

BY COINCIDENCE these two stories appeared in adjoining columns on page one of yesterday's Star.

Story No. 1: The Associated Press reported that the Arkansas public service commission opened a hearing in Little Rock yesterday on the application of the Arkansas Electric Co-operative corporation to build a 30,000-KW steam generating plant near Ozark — which is being fought by four private utilities and an AFL union, International Brotherhood of Electrical Workers.

Story No. 2: Southwestern Gas & Electric Co., which doesn't do any business in Hope but serves part of the trade territory, announced it paid taxes at Hempstead county courthouse yesterday in the amount of \$4,779.

From the two stories just mentioned you can guess what I'm thinking about.

It's time we looked down the throat and critically inspected every voice raised in behalf of "public power" — which is getting to be a cloak for the less-pleasant term "tax-dodging."

I say this because every person and every business enterprise now paying heavy taxes for the support of community, state, and nation, has a vested interest in seeing that the total number of taxpaying accounts is not reduced.

If this seems strange language coming from a newspaper in a municipal plant town I would remind you that the people of Hope put together their city-owned water and light plant two generations ago with their own labor and funds — they got no greenback grant from Washington. "Public power" such as we have in Hope and some of the schemes now being cooked up with the aid of the Washington politicians are entirely different.

Some towns have private utilities, and some have municipal plants — whatever they started with, that's what they ought to stick to.

Up in north Arkansas there's just one issue: Are the rural people of that area now being served with electricity — that is, are the major facilities up there sufficient to take care of any reasonable extensions? This is the question before the public service commission's hearing in Little Rock.

The promoters of the co-operative say a whole new system is needed, and they have obtained a \$10½-million grant from the federal government — although final consent rests with the state commission.

Four private electric companies and the labor union say they already have lines throughout the area-to-be-served; that the co-operative would produce duplication and loss of private business and taxes.

The AFL union said, specifically, that granting of the application would be "a step toward socialization of the electric industry in Arkansas and other adjoining states."

There's the question. And it has to be answered. The time is past when just any old promoter can jump up, holler "public power," and walk off with a bundle of millions of federal money and a certificate of tax-exemption. This newspaper believes in legitimate public power, in Hope's municipal plant, and in REA lines where no other service is available. We'll always advocate projects that are good, but we will also examine and criticize "deals" where there is a suspicion that the goal is not public service but tax exemption.

## Sees Passage of Troops to Europe

Washington, March 22 — (AP) — Senate Democratic Leader McFarland of Arizona predicted today the senate would pass two troops-for-Europe resolutions by "substantial majorities." Voting has been set for April 2.

The date was agreed on last night after seven hours of debate. Opposing commitment of American foot soldiers to Europe, Senator Edwin C. Johnson (D-Colo.) attacked the defense plan as a "military joke." He predicted Russia would not have 300 atomic bombs before 1960, and added:

"They are far behind us in the production of this lethal weapon." Johnson, a member of the senate-at-home atomic committee, put his blast at the troops resolutions in a speech prepared for yesterday's debate. The senate adjourned before he got the floor, and he hopes to make the speech today.

Instead of sending troops to an international army in Europe, Johnson proposed that the U. S. build up strong air bases in Turkey and Iceland. That action should be followed, he said, by telling Russia:

"We want peace and we are going to have it. If you want peace also you can have peace and for a long time, but if you start aggression in any direction or against any nation, then every Russian city will be pulverized within a few days."

## Trapped Patrol Shoots Way Out Near Parallel 38

Tokyo, March 22 — (AP) — A group of engineers today shot its way out of a Communist ambush less than three miles from the Red Korean border.

The tanks were moving up one side of the Punhan river north of Chunchon and the infantry were plodding along the opposite bank when the Reds opened fire.

From high ground they poured machinegun, rifle and mortar fire on all sides of the patrol.

"They let us walk into the trap and then they sprang it," said Cpl. Charley Hamilton, Virginia City, Va. "Our tanks opened up on the hillside with everything they had, but it didn't stop the Chinese."

"Enemy fire was all round us everywhere we turned. We finally scrambled across to the tanks and they kept the Chinese down on one side while we moved out."

The tanks pulled back to Chunchon, carrying the wounded.

Along this central Korean sector, the bulk of the Communist troops appeared to have slipped north of parallel 38.

But in the west, the Reds appeared to be digging in for a desperate stand in South Korea.

Field dispatches said some 60,000 Communist troops manned Western defense positions in depth for 15 miles south of the border. These included two divisions of the Chinese Third Field Army, since the Hungnam action in December.

An Allied tank patrol ran into a hot fight Wednesday on the approaches to Uijongbu, north of Seoul.

The thrust north of Chunchon was the closest announced Allied approach in force to the Red Korean border during the current drive.

Patrols may have crossed the boundary.

A delayed dispatch from AP Correspondent William C. Barnard said the armored column rolled north late Wednesday from Red-abandoned Chunchon. It pulled back to bivouac positions for the night.

Chunchon is eight miles south of parallel 38.

Lt. Gen. Matthew B. Ridgway, commander of the U. S. Eighth Army, disclosed that it was U. S. First Cavalry troops who occupied Chunchon Wednesday.

Ridgway messaged their commander, Maj. Gen. Charles D. Palmer: "Thanks for Chunchon. Congratulations to you and your fine division."

In the air, American Sabre jet fighters probably shot down a Russian-built MIG-15 jet and damaged another over northwest Korea.

Four F-86 sabres drew six MIGs into combat at 26,000 feet Thursday south of the Yalu river border city of Sinuiju.

The pilot who scored the probable kill said he fired two bursts into the Red jet, the second from only 200 feet. He said the MIG went into a violent spin.

Another American pilot caught a MIG in a turn and saw his bullets rip into the plane, which streaked north toward Manchuria.

An estimated 6,000 Reds were reported dug in six or seven miles north of Chunchon.

The bulk of the Communist troops, however, appeared to have pulled back north of parallel 38.

But in the west, the Reds were getting set for a strong stand south of the parallel.

## ECA to Handle Affairs in Marshall Plan

Washington, March 22 (AP) — Top government officials have reached general agreement that the economic cooperation administration (ECA) should be continued indefinitely as the agency to handle this country's foreign economic operations abroad. It is not scheduled to be disbanded with the end of the Marshall plan in Europe in 1952.

The agreement was described by informed administration officials today as part of deal by which the state department will have full control over policy relating to foreign economic operations and its ambassadors abroad will have final authority over all missions in the countries where they are stationed.

Congress will have the final say on continuance of ECA, but administration leaders expect approval of their plans.

They are prepared to advance two main reasons for keeping the organization alive:

## Saratoga, Okay PTA Names New Officers

The Saratoga-Okay P. T. A. met at Saratoga Wednesday afternoon with Mrs. Carl Dellinger, president, in charge. About 40 members were present.

A decision was made to finish paying for the warm-up suits which have recently been bought.

The following officers were elected for the 1951-52 school year:

Mrs. Harry Chism, president; Mrs. Herman Dodson, vice-president; Mrs. Sam McJunkins, treasurer; Mrs. Marshall Sanders, secretary.

The dollars for the highest percentage of parents present were given to the first and the ninth grades.

The meeting was opened by prayer by Byron Thompson. Songs were sung by the grade school pupils under the direction of Mrs. Rogers. Piano solos were given by Mira Dell McLarey and Linda McKinney.

The meeting was dismissed by prayer led by M. H. Peebles.

## Petit Jurors Named for April Term

The following is a list of persons who were selected by the jury commissioners to serve as petit jurors at the April term of Hempstead circuit court, 1951, to appear before that court on the first day of the term, which will be April 2:

C. W. Bridges, Jack Beatty, Mack Brown, O. B. Burns, Jack Gardner, J. W. Franks

Luther Holloman, Jr., James McLarty, E. P. Young, Jr., Bob Rowland, Cecil Sewell, Ralph Burke, John Green (Ozan), E. R. Calhoun, George Bolan (col.), Emory Thompson, Ferrell Rider, M. S. Bates, Buddy Evans, Jack Bruner, Joe Clingan, R. C. Daniels, Dave Griffin, Alton Johnston.

Alternate Petit Jurors

Fred Robertson, Mosie Yergor (col.), Bert Scott, Carl Brown, Jack Arnett, M. M. Bland, Guy Hicks, Bob Hester, Vance Marcum.

## Prowlers Gain Access to RFC Secret Files

Washington, March 22 — (AP) — Mid-night prowlers were reported today to have gained access recently to confidential files of the reconstruction finance corporation (RFC).

The federal agency confidential documents, some of them related closely to a senate investigation of RFC affairs. Highly placed sources, declining to be named, told the story. Top officials of the big government lending agency were not immediately available for comment.

Qualified informants said it has not been determined whether any documents were stolen, but that the prowlers' visit explains the recent installation of special locks and a burglar alarm on the files.

A severed chain in a door leading to the file rooms gave evidence of the prowler's visit, they said. They did not date the incident.

Senators debated, meanwhile, whether the RFC needs a new name as well as a change in top management to restore it to public confidence. They are considering President Truman's proposal to replace the five RFC directors with a single administrator.

One of the present directors, Walter E. Cosgriff, conceded before the expenditures committee yesterday that a change in name may be advisable.

The agency, Cosgriff said, may recover "a degree" of the public confidence he says it has lost in a senate banking subcommittee's investigation of its affairs. But he added:

"The public may never hear of RFC again but what they think of a mink coat."

He referred to the stir which greeted recent disclosure that Mrs. E. Merl Young, White House stenographer, wears a \$9,450 mink coat paid for by a Washington lawyer accused of wielding improper influence on RFC loans.

A senate banking subcommittee investigating RFC charged that the lawyer, Joseph H. Rosenbaum, and Young are members of an influence ring with White House contacts. Young said he has signed a note to repay Rosenbaum.

## Oil Test Going Down in Hempstead

Hempstead has a new wildcat test going down on the old Derryberry place, north of DeAnn. It was learned today. The drilling permit was issued in January to Mr. Stephens. Several tests in the same area in recent years were abandoned as dry.

## Bermuda Not Mad Because the U. S. Now Raises Own Onions; Tourist Trade Is Better

By HAL BOYLE  
New York — (AP) — Are you weary of stories of atom bombs, germ warfare, strikes, crimes and the high cost of living?

You are? That's fine. Because the only story I have to tell today is the story of a happy time — two weeks in Bermuda.

Frances, the girl who cashes my pay check, had been wanting to go there for several years. She said she felt sure it would be like Quebec, where we once spent a summer vacation.

I thought this was one of the most illogical remarks I had heard in nearly fourteen years of marriage.

"Look," I said, opening the Atlas to a map of North America. "Quebec is way up north. It is part of Canada and most of the people still speak French. Bermuda is a collection of semi-tropical coral islands in the Atlantic ocean, and the people speak English. How can they be alike?"

"Well," said Frances. "I think Bermuda will be like Quebec because we had a nice time in Quebec and if we go to Bermuda we'll have a nice time there, too."

Humbly, I shut the atlas. The feminine mind has a logic above the bare statistics of geography. And so we went to Bermuda. We flew down in a Pan American clipper. In the seat across the aisle sat a tall man with a distinguished mustache. He turned out to be Secretary of State Dean Acheson, and an agent of the airline introduced us.

He is a poised and friendly man. We chatted about Korea for a few moments before landing, and the secretary said:

"This is the first vacation I've had in more than two years. The President said he wouldn't call me back unless it is absolutely necessary."

Later we found the Achesons were our neighbors. They had seen a single Bermuda onion.

## Hope Sergeant, Jimmy Cook, on Okinawa

OKINAWA — Sergeant First Class Jimmy Cook, husband of Mrs. Grace Cook, 305 South Spruce St. Hope, has arrived on Okinawa for a tour of overseas duty in the Far East. He is presently assigned to the 363d Ordnance Ammunition Company, a unit of the Army of Occupation in the Ryukyus. Command. His present duty assignment is Supply Sergeant for his Company.

A World War II veteran of the South Pacific and a former employee of C. Cook, County Judge, Hope, Sgt. Cook was recruited to active duty in September, 1950 for a 21 months period from the Reserves.

## President Ends Florida Vacation

KEY West, Fla., March 22 — (AP) — President Truman today put away his swim trunks and sun tan oil to leave Florida's sunshine for the political storms awaiting him in Washington.

He takes off from the Boen Chica Naval Air station at 2 p. m. (EST) to end a three-week vacation far removed from the troubles besetting his administration in congress.

The President, deeply tanned and cheerful, appeared physically fit for the encounters ahead as he joked with reporters upon his return last night from a cruise to Fort Jefferson in the Dry Tortugas aboard the destroyer Seafarer.

He apparently didn't know it, but he narrowly missed being manhandled overnight on Garden Key, on which Fort Jefferson stands.

The skipper of the 63-foot crash boat, "Big Sheel," which ferried the President to and from the island to the destroyer, anchored two miles off-shore, told the story.

"The water got so choppy after we put the President aboard the Seafarer that if we had waited five minutes more we wouldn't have been able to get him off the island," Quartermaster I-C Joseph D. Elmore of Tacoma, Wash., told reporters.

The President, however, said it was a fine trip, and that while the destroyer went through rough squalls going and coming, "we had bright sunshine at Fort Jefferson." He and his staff had a picnic lunch.

The President seemed cheerfully unconcerned that he looks a little heavier than his official weight of 176 pounds.

Upon his scheduled return to Washington, shortly after 5 p. m., he will go immediately to the Blair House to spend the Easter week-end with Mrs. Truman and his daughter, Margaret.

## Concert Nets \$50 for Okay, Saratoga Schools

A concert given by the Okay quartet at Saratoga Friday evening, March 16, was well attended. Out-of-town communities represented were: Mineral Springs, Fulton, Nashville, Arkadelphia, and Pauls Valley, Okla.

The benefits, totaling almost \$50, were for the purchase of warm-up suits for the ball team.

In his remarks at the beginning of the program Byron Thompson, ball coach, expressed appreciation to Earl Cowling and the other members of the quartet, to Frank Galt-right and others who have done so much to make possible this project, and to Mr. and Mrs. Joe Hargis who worked faithfully in planning and arranging this program.

The Okay quartet is slightly scattered, but finds time to go together occasionally. Jerry Hargis is in high school at Saratoga; Patsy Hughes at Hope; Charles Leonard Hughes in college at Arkadelphia; and Mr. Cowling lives near Mineral Springs. Since Mrs. Cowling was unable to accompany them Miss Judy Galtier of Arkadelphia played the piano.

Solos were given by Charles Leonard Hughes, Earl Cowling, and Jerry Hargis. Piano solos were by Miss Galtier and Patsy Hughes. Applause recalled all these, and most demanded a third number by several performers.

A visiting quartet from Arkadelphia gave two numbers. The members of this quartet are: Paul Caplinger, Mrs. Charles Neal Cash, Louis Honeycutt, and Charles Leonard Hughes. Miss Galtier is their accompanist.

## Special Program Sunday at Garrett Memorial Church

Sunday at 1 p. m. all training service groups of Garrett Memorial Baptist Church will participate in a special program, "The Significance of the Cross."

The program follows: Devotional, by Harry Watson; "Malice," by Mrs. Robert; Solo, by Verna; "Malice," by Mrs. John; Solo, by Mrs. John; and a special song, "The Significance of the Cross," by the choir.

# Hope Schools Plan a Full Term With Aid of Tuition Last 2 Months

## Crime Probers Told of Huge Gambling Profits; O'Dwyer Got \$10,000 Caine Asserts

Washington, March 22 — (AP) — James J. Carroll told senate crime investigators today a \$20,000,000 a year gambling operation in East St. Louis, Ill., produced around \$750,000 gross profit in 1949.

New York, March 22 — (AP) — Senate crime probes have been told by the head of New York City's Uniformed Firemen's association that he gave former Mayor William O'Dwyer \$10,000 as "evidence of support" by the firemen.

O'Dwyer has sworn under oath that he never got the money.

John P. Caine, UFA president, gave his testimony yesterday in the waning moments of a sensational eight-day hearing which rode rough head in politicians and acknowledged.

Caine testified he handed the cash to O'Dwyer in October 1949, on the porch of Ganele Mansion — the mayor's official home.

Caine said:

"I told the mayor at that time that I had promised him the support of the firemen and I offered him evidence of the support in the form of \$10,000."

O'Dwyer had flatly denied such a transaction at the committee hearing on Tuesday. He denied it again yesterday as he testified at a grand jury noon looking into the alleged disappearance of funds from the firemen union's treasury.

O'Dwyer who resigned as mayor last year to become U. S. ambassador to Mexico, told newsmen:

"I was asked about that by the grand jury under oath, and I flatly denied it."

Said committee Counsel Rudolph Halley: "One man is lying."

The grand jury which questioned O'Dwyer previously quizzed came about \$135,000 of the association's funds reported missing. A fireman for 13 years, Caine lost his job when he refused to explain the withdrawal of the big sum other than to say that it went in cash "to good local friends."

## H-Bomb May Be Tested at Eniwetok

Pearl Harbor, March 22 — (AP) — New atomic blasts being prepared at the Pacific proving grounds on Eniwetok atoll probably will have a dual aim. The tests conceivably could involve a primitive type of H-bomb.

According to all indications, they will be the biggest ever tried. Strong suggestions point to both "guinea pig" and "field laboratory" type tests this time.

The 1948 blasts at Bikini were an example of guinea pig type tests. Ships and aircraft were exposed to the blasts to see how badly they could be mauled.

The 1948 Eniwetok tests were in the field laboratory class. Lt. Gen. John E. Hull, commander of the A-bomb task force, said in Honolulu after those tests that their main purpose had not been to inflict physical damage but to record effects of the explosions with scientific devices.

Available information indicates the two types so far have not been used during one testing period.

Indications that they will be combined in the new series of tests come from the atomic energy commission (AEC) itself, the air force, and the extended construction preparations on Eniwetok since February, 1950.

Laboratory type tests were indicated by an AEC statement today that "indications have been" specifically mentioned in the AEC statement.

The AEC statement said that the air force is to be responsible for the construction of the new series of tests.

The AEC statement said that the air force is to be responsible for the construction of the new series of tests.

## French Move to Avert Rail Tieup

Paris, March 22 — (AP) — France's government moved on three fronts to avert a nationwide railroad tie-up today and tomorrow.

Faced by a call for a two-day general railway walkout, issued by the non-Communist and predominantly socialist workers force (force ouvriere), the government:

1. Issued "regulation" — civilian draft — orders on an individual basis to an undisclosed number of "essential workers" on the government-owned rail system.

2. Set in motion a pre-arranged network of truck and bus services to rail employees as well as to other threatened loss of rail transport.

3. Promised to establish a new national minimum wage applicable to rail employees as well as to other workers in nationalized concerns. A decision on this was set for Friday.

The rail workers, like other striking unions, are asking higher pay. The unions maintain the cost of living has soared 14 per cent since last summer. The government estimates the rise as nine per cent.

The workers force strike will directly affected 65,000 of the nation's 320,000 rail employees. Over 300,000 members of the Communist-dominated General Confederation of Labor (CGT) were expected to follow. The stand of some 65,000 members of the Christian Workers union was in doubt.

The strike of Paris subway and bus employees went into its seventh day today. Workers in the hotel, restaurant industries threatened a walk-out. They also want more pay.

Paris also has been hit by 24-hour stoppages by utility, water works and funeral parlor employees.

Even before the rail strike call was issued, rail traffic was snarled and slowed in many sections by local walkouts. Stoppages have seriously affected Marseille, Lyon, Le Havre, Rennes and the trunk lines through Paris. Many trains still ran, but were hours late.

## Senior Class Play to Be Staged April 20

"Aren't we the lucky ones," said the three actors in the first scene of the play, "Senior Class Play," staged by the Senior Class of the High School in Hope, Ark., on April 20.

With a cast of 12 girls, the play is a comedy of two old men, brother and sister, who are the only ones left in the world.

Composing the cast are: Copeland as Abby; Bowden as the Rev. Jim Edwards as Father; Charles Cross as Father Wayne England as Father; Caroline Hargis as Mother; Elizabeth Hargis as Sister; and Galtier as the only one left in the world.

The play is a comedy of two old men, brother and sister, who are the only ones left in the world.

Charles Meyer, Sr.

The story of Charles Meyer Sr., founder of Meyer's Bakery, Inc., is a story of little capital, hard work and eventually success.

Back on July 1, 1911 with only \$250, Mr. Meyer founded his baking business in Little Rock. At first he was the only "employee" doing the baking and selling with assistance from his wife. In 1912 delivery service was started in a one-horse wagon. Two years later came the first delivery truck.

In progressing, the firm has used as its slogan, "Quality Products," the same as on the new loaf which was introduced in Hope and surrounding territory Monday.

Steady growth of the Hope plant, since its opening in 1940, has led to construction of a complete new bakery building east on Highway 67. Its completion is expected in the near future.

The owners say the Hope plant, when completed, will be one of the best in the south and is further proof of the firm's "buy-atom" policy in boosting Hope and all of Arkansas.

One in nine of the residents of Yugoslavia are Moslems.

#### Heat From Ashes

Many of Idaho's hot springs are not heated by chemicals within the waters, as some hot springs are heated, but by hot ashes and lava in the volcanic areas beneath the surface.

#### Old Church

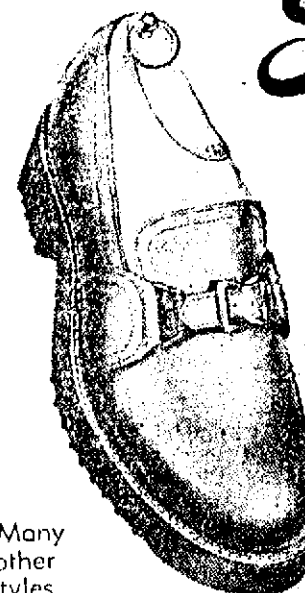

The Church of the Transfiguration, more popularly known as the "Little Church Around the Corner," in New York City, was built in 1848.

## 68 Years Old, Yet Now Climbs 155 Feet to Work on Scaffold

HADACOL Relieves the Cause of Nervousness and Weakness When Due to a Lack of Vitamins B<sub>1</sub>, B<sub>2</sub>, Nicotin and Iron.

Seems like more and more folks are finding out every day that they have to keep themselves in tip-top condition to really stay on the ball as far as doing a good job is concerned. Mr. John L. Napier, Route 1, Moselle, Mississippi, certainly found out that nerves and pains, weakness and nervousness were interfering with his work as a bricklayer and carpenter.

But Mr. Napier heard how HADACOL was helping folks with such conditions that may have been due to deficiencies of Vitamins B<sub>1</sub>, B<sub>2</sub>, Iron and Nicotin.

Here are his own words: "Before taking HADACOL, I was suffering with aches and pains for awhile. Then, came the time when I was weak and nervous. I am a carpenter and bricklayer. I also run a farm. I kept feeling bad and getting worse. Then I heard about HADACOL and immediately began taking it. After taking only one bottle, when I retired at 9 P.M. I would fall asleep immediately.

After the third bottle I went back to work, carpentering and laying bricks. Now, I climb as high as 155 feet and work all day on a scaffold. I have never felt so well in many years. I am 68 years of age. And, when there is no carpenter or brick work to do, I work on my farm, planting and harvesting my crops. Thanks to HADACOL."

There's a clue that may help you, if you are suffering from a lack of Vitamins B<sub>1</sub>, B<sub>2</sub>, Nicotin and Iron. Why continue to suffer... why experiment... why let your distress drag you further and further down? For it is these very Vitamins and Minerals you may need that HADACOL supplies in a quantity greater than the minimum daily requirements. And this marvelous formula contains helpful quantities of Phosphorus and Calcium, too.

HADACOL builds up the hemoglobin content of the blood (when iron is needed) to send these elements coursing, surging, throughout your body, to every body organ. Already dissolved, in a special liquid form, the elements are absorbed quickly and easily in your system. Carries a strict money-back guarantee.

## Legislative Change Proposed

Little Rock, March 22.—(AP)—Re-vamping of the 7-year-old Arkansas legislative process was advocated today by Attorney General J. B. Murry.

Murry, in an address at a Little Rock civic club (Rotary) said the 1951 general assembly ended March 8 was the most controversial in years and shows the need for a constitutional amendment to overhaul the law-making system.

## From where I sit... by Joe Marsh You May Never Need It, But...

The Red Cross is setting up blood banks around the country. They work like real banks, too. You give them a pint of blood. Then if you—or your family—need a transfusion during the year, you just "draw against your account."

For example, when Blackie Hicks, over at Balesville, donated blood they told him he had a very rare type. "Well," he said, "may do someone some good anyhow."

And it did! He had an accident two weeks later, and needed a transfusion—and the only blood of his type around here was the

pint he donated himself! Kept him going 'til they could fly some more in from the State Capital.

From where I sit, looking ahead a little pays big dividends. Reminds you of the Self-Regulation Program sponsored by the Brewing Industry. Retailers volunteer to donate time and effort so that all places selling beer will be clean and orderly. That way they can "bank" on things going right.

Joe Marsh

## PRESCOTT NEWS

Thursday, March 22

Holy week services will be held at the Christian church Thursday night at 7:30. The sermon will be delivered by the Rev. Fletcher Spruce, Texarkana, Texas.

The Kiwanis club meets each Thursday evening at 8:15 at the Broadway hotel for dinner.

Friday, March 23

Friday noon to 3 p. m. there will be a three-hour Good Friday serv-

## Housework Easy Without Nagging Backache

When kidney function slows down, many folks complain of aching back and legs, and a nagging backache. Don't suffer longer with these discomforts. If reduced kidney function is bothering you, down—due to such common causes as stress and strain, over-exhaustion, or a cold or flu. Minor bladder irritations due to cold or wrong diet may cause extreme urination or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's. It's a mild diuretic. Used since study he millions for over 20 years. While effective when you need it, it's amazing how many times Doan's gives happy relief from these discomforts. Hold the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

ice at the Presbyterian church. Seven on devotional periods will be given from the seven last words of Christ from the Cross.

Sunday, March 25

There will be a sunrise service at First Christian church on Sunday morning at 7.

The Red River Baptist Hour can be heard over KVRG, Arkadelphia each Sunday at 2:15 p. m.

The youth fellowship of the Presbyterian church will meet Sunday at 6 p. m. Supper will be served by Mrs. Warren Cummings and Mrs. D. L. McRae, Sr.

The youth choir of First Baptist church will meet at 3 Sunday afternoon. The training union will meet at 6:30.

The young people of the Methodist church will meet at 6 p. m. Sunday for recreation, worship and fellowship.

## Presbyterian Executive Committee Meets

The executive committee of the Women of the Presbyterian church met on Monday afternoon in the home of the president, Mrs. Tom Bemis.

Mrs. Bemis opened the meeting with prayer and conducted the business. The committee prepared the year books for the year and selected hostesses and program leaders. Refreshments were served at the close of the meeting.

## Christian Fellowship Meets in Home of Mrs. S. B. Gee

The Christian Fellowship of First Christian church met on Monday afternoon in the home of Mrs. S. B. Gee for the monthly session.

Lovely arrangements of spring flowers decorated the rooms.

Mrs. Henry Thompson, president, conducted the business period. The minutes were read by the secretary, Mrs. J. C. Stogard.

Mrs. C. E. Wagner gave the devotional talk, on "The Lord Shall Satisfy My Soul in Drought," and led in prayer. Mrs. Wagner also gave the study in, "The Christian Evidence in the Near East," concluding the study on the Near East.

Delectable refreshments were served by the hostess to the eight members present.

Mr. and Mrs. Joe R. Hamilton, accompanied by Mr. and Mrs. G. R. Haynie of Camden, Mr. and Mrs. Lawrence Haynie of Warren, and Mr. and Mrs. Duncan Brown of Beebe are spending the weekend in Wichita Falls, Texas, as the guests of Mr. and Mrs. Otis Haynie.

Mr. and Mrs. Imron Gee and Mr. and Mrs. A. E. Ezell were the guests Sunday of Mrs. Carl Mann in Willisville.

Dr. and Mrs. G. D. Royston of Hope were the guests Sunday of Mr. and Mrs. R. P. Hamby.

Mrs. Vick Scott has returned from a visit with relatives in Little Rock.

Mr. and Mrs. W. C. Reeves and Mr. and Mrs. Alton Reeves of Texarkana spent Sunday at the state sanatorium with Mrs. M. H. Bailey.

Mrs. Allen Gee was a Monday visitor in Hope.

Mr. and Mrs. Jim Yancey and Mrs. Bob Cox were the Sunday guests of Mr. and Mrs. Allen Gee, Jr., and family in Hope.

Miss Layce Stewart of Little Rock has been the guest of her mother, Mrs. Bob Stewart.

Dr. and Mrs. William Arnold have returned to their home in Temple, Texas, after a visit with Mrs. C. P. Arnold, Sr., and other relatives.

Mrs. Tom Cruse and children of Hooks, Texas, have been the guests of Mrs. Lee Montgomery.

Mr. and Mrs. S. O. Logan have returned from McAllen, Texas, where they were the guests of Mr. and Mrs. Van Culpepper and family. Mrs. D. L. McRae, Sr., remained for a longer visit.

Mrs. Cecil Garrett and daughter Charlotte of Little Rock are the guests of her parents, Mr. and Mrs. C. D. Atkinson.

## Profits for State Workers Again Rapped

Little Rock, March 22.—(AP)—Attorney General Ike Murry hasn't changed his opinion that the present state purchasing law, act 214 of 1943, prohibits any state official or employee from profiting by sales to the state.

But he said yesterday that purchasing Agent Carl Parker has raised, in a request for an interpretation of the act, some points that his office hadn't been asked about previously.

He said his staff would give Parker a ruling as soon as possible.

One new point raised by Parker, Murry said, is whether the act's penalty clause is invalidated by its failure to prescribe punishment for violation. The act says no official, employee or agent of the state may be interested in sales to the state and if anyone is, it's a felony. But it doesn't say what the punishment is for conviction.

FIREBALL POWERED

## Powered for thrills - Priced for thrift!

HERE, packed in 3,615 nimble pounds and 204.8 inches of over-all length, is the car marvel of '51.

In the few short weeks since it started to roll off the assembly lines, it has written a bright new page in automotive history for the low-priced field.

What Buick engineers have done is come up with a brand-new high-style body—new in every contour and dimension.

They've designed a brand-new, weight-saving frame, exclusively for this SPECIAL.

Then they've added the power-packed F-263 Fireball engine—which was new in the 1950 SUPER—and just wait till you see

Equipment, accessories, trim and models are subject to change without notice.

what that does for this nimble performer.

There's a power-to-weight ratio that spells thrill and thrift in operation—at a first cost that's just a breath away from the lowest price level.

We'd like you to see and drive this newest Buick marvel—find out for yourself what a honey it is to handle, and what a cinch it is to buy. Why not drop in and see us the very first chance you get?
